

FLASH ADBOARD™

Illuminated Rewritable LED Signboard

Write it up,
Light it up!

What is **FLASH ADBOARD™** ?

Flash AdBoard™ is an **ILLUMINATED REWRITABLE SIGNBOARD** that lights up your message like neon using the latest in **LED TECHNOLOGY**. You can set the Flash AdBoard™ to flash or smoothly cycle through 7 color modes, hold or flash your message in 4 different color modes, and has 4 speeds in which you can flash your message.

You can change your message anytime for the lifetime of the board. Write or draw your own message or design on the Flash AdBoard™. When you are ready to change your message simply erase the old message, and draw the new one.

Product Features

- 1 Using the latest in LED technology your message will light up like neon.
- 2 **EASY TO WRITE, ERASE, AND REWRITE YOUR MESSAGE OVER AND OVER.**
- 3 Simple to adjust color, time and flash settings.
- 4 Attracts immediate attention to storefront window displays, lobbies, host stands and bars. Use indoor or outdoor.
- 5 Much more energy efficient and durable than neon.
- 6 Custom sizes and frames are available.
- 7 We can imprint your company's logo on your Flash AdBoard™.

**Write it up,
Light it up!**

Color Mode

Flash AdBoards™ can flash or smoothly fade through a cycle of seven different color modes.

Original Colors

Flash Cycle of 7 Colors

Flash AdBoards™ can also flash or hold your message in 4 different color modes. These color modes are:

Red

Green

Blue

White

How to Use

- 1 Only write your message with Flash AdBoard™ markers.
- 2 Use the mode button to select color effect and flash.
- 3 Use the speed button to select the flashing or cycle time you desire.
- 4 To erase your message simply spray Flash AdBoard™ with any window cleaner (e.g. Windex), use one of the microfiber cloths provided to wipe, and the other to dry.
